Home

The home page has direct access to all the tabs of the app within one click. It also features some of the top destinations visited by our users.

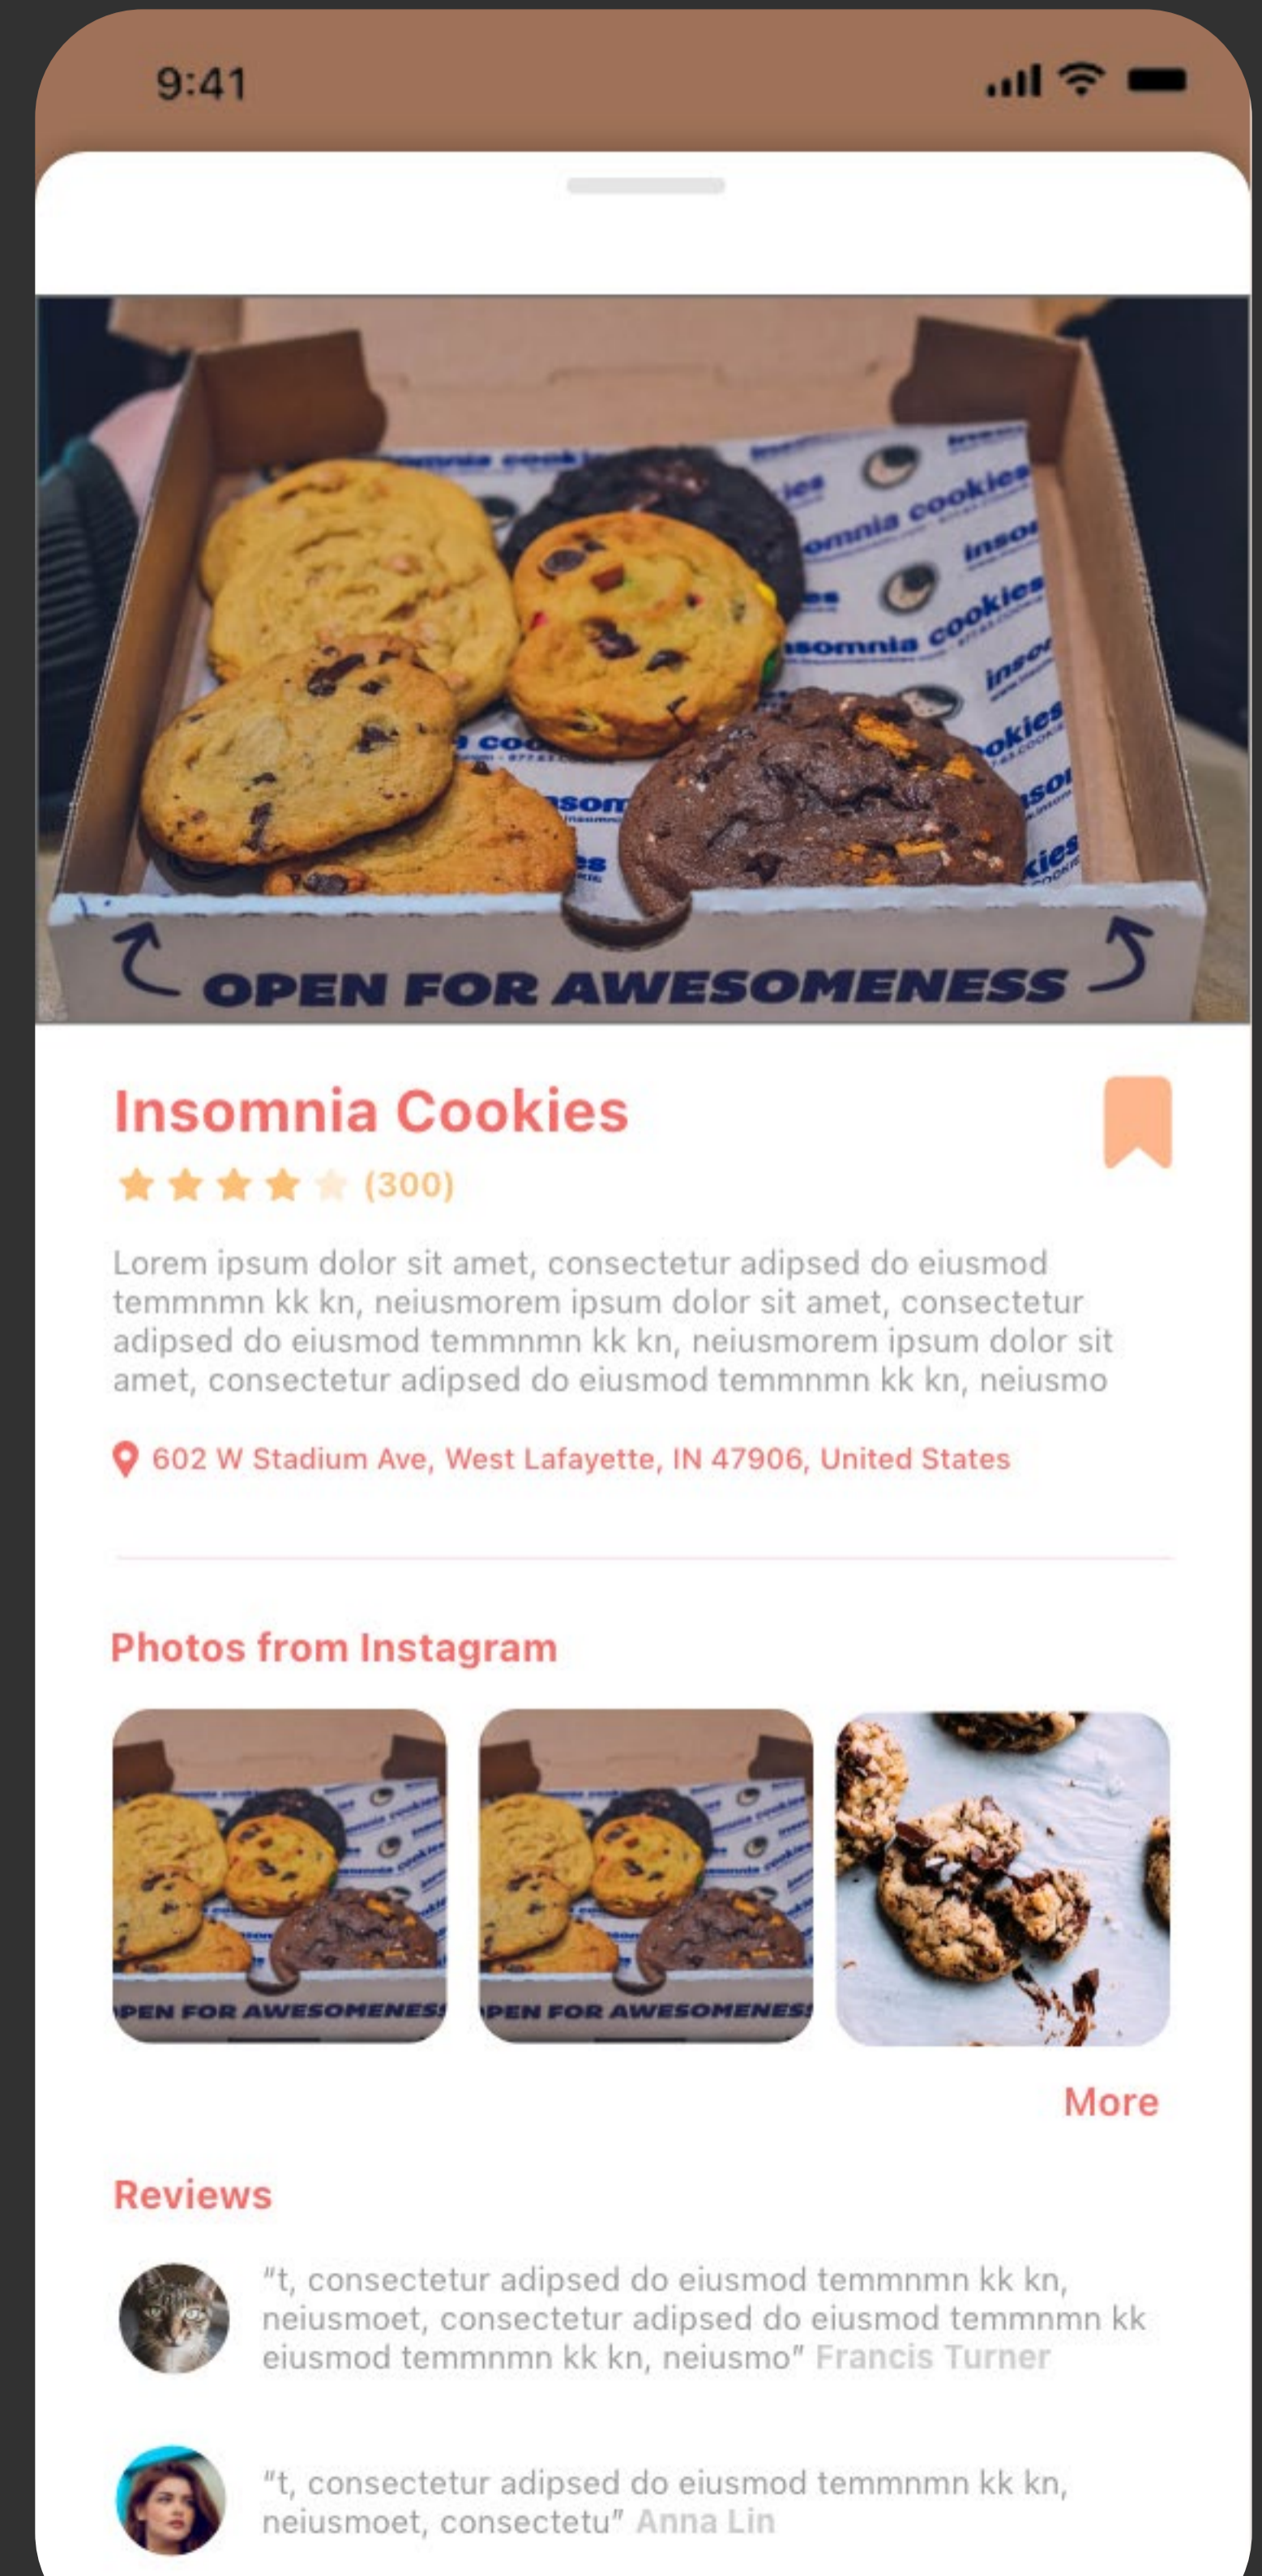

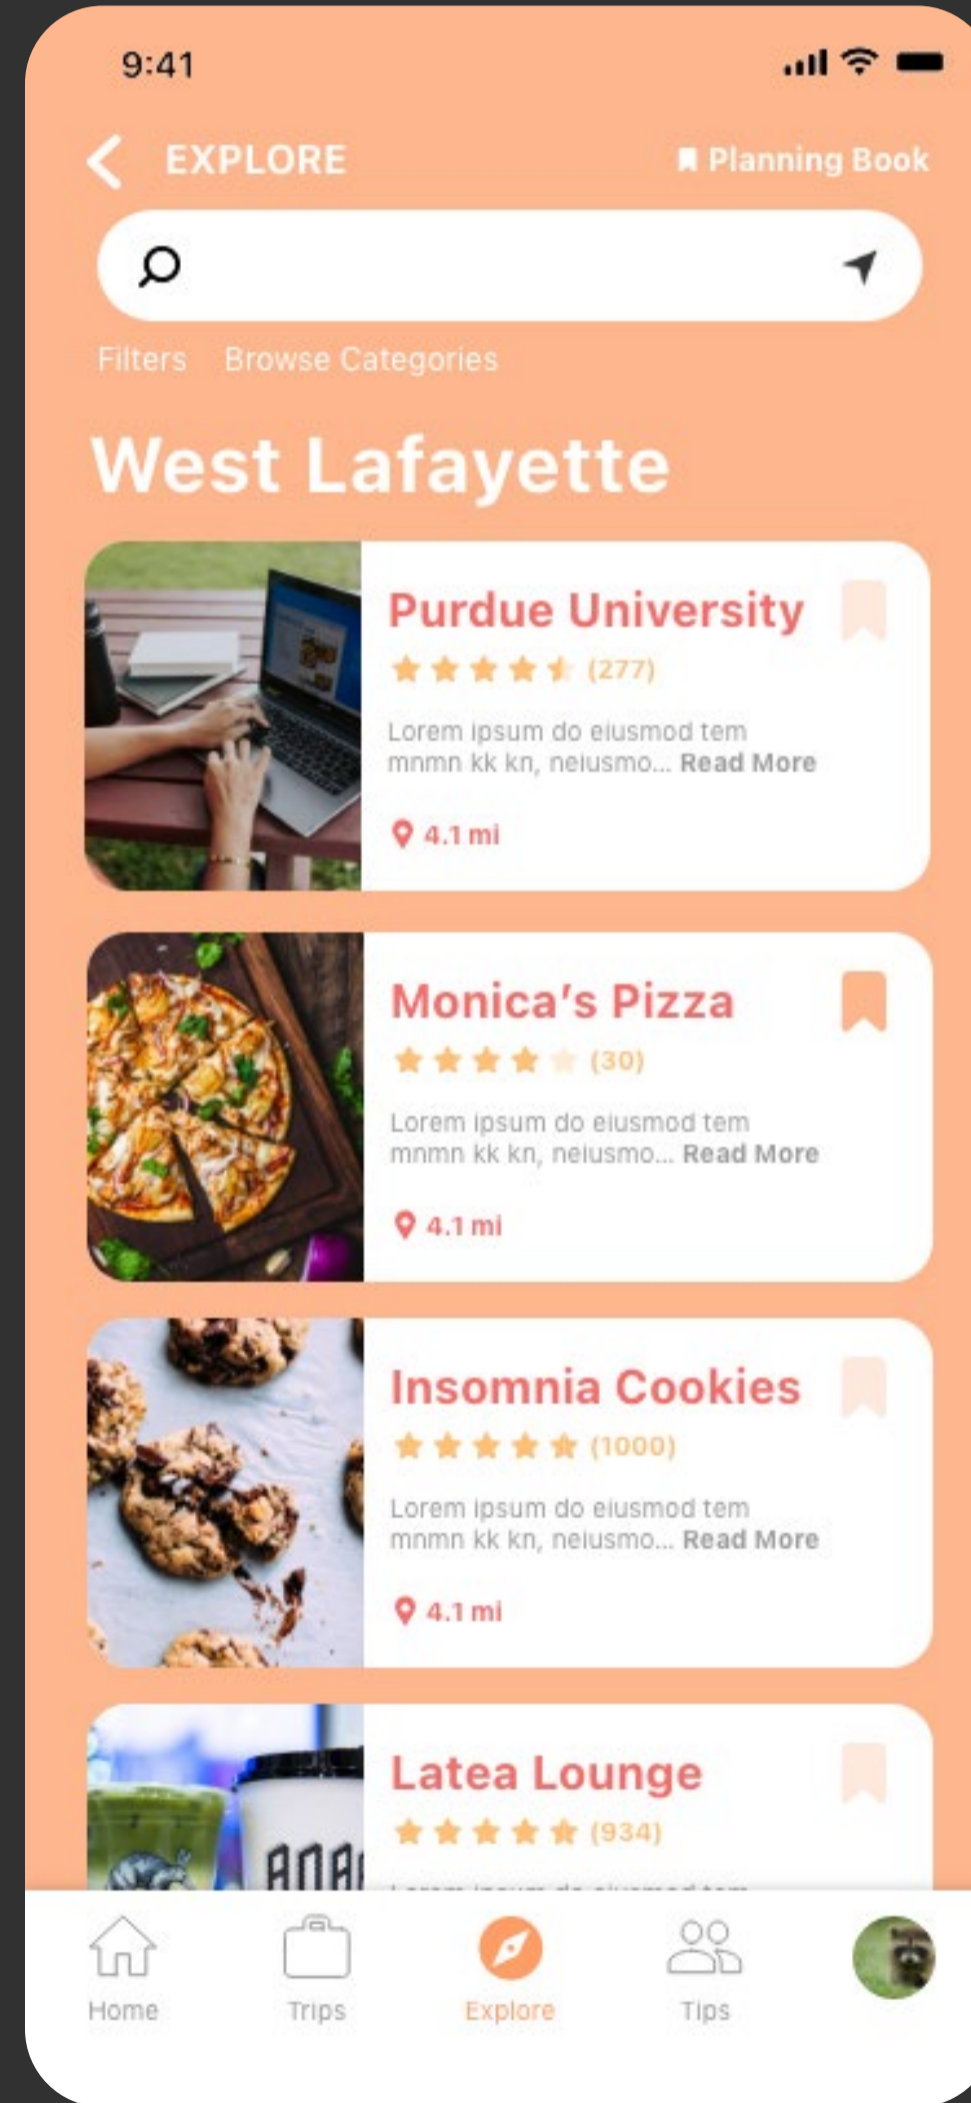

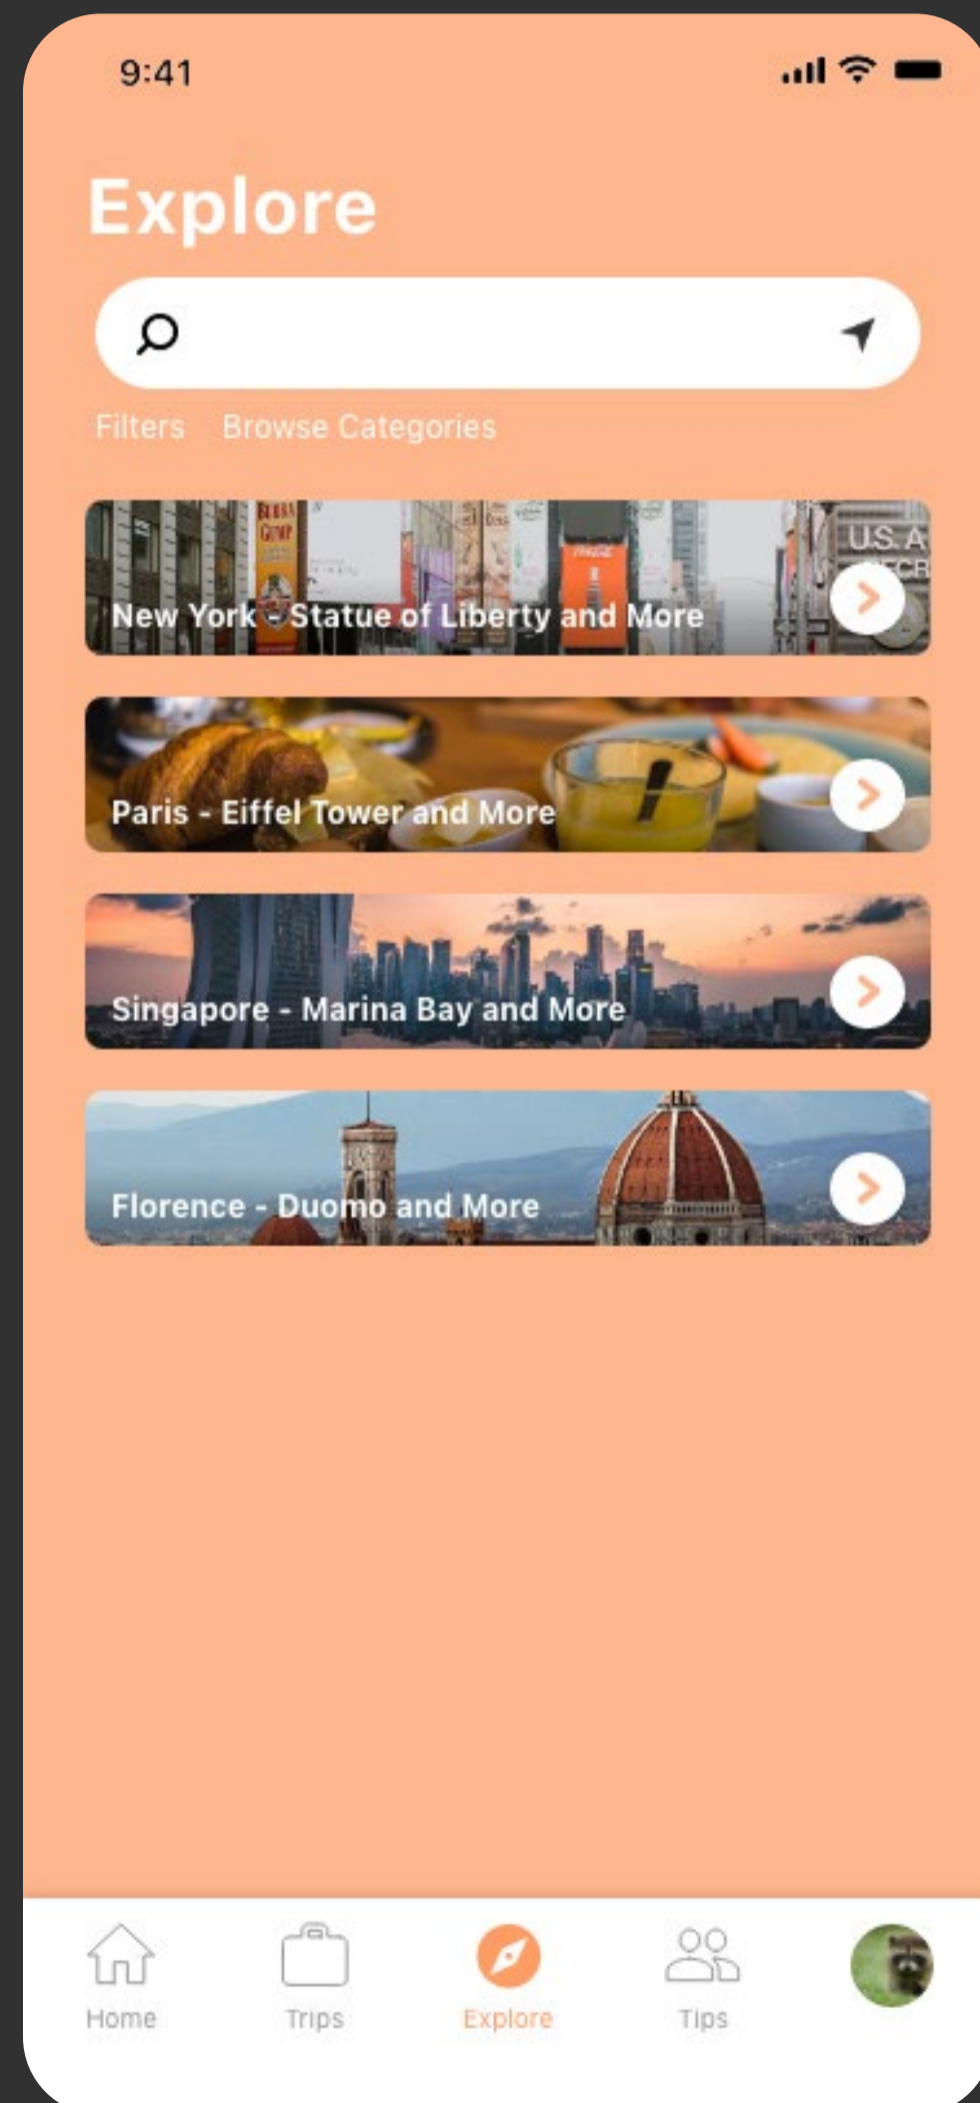

Your Trips

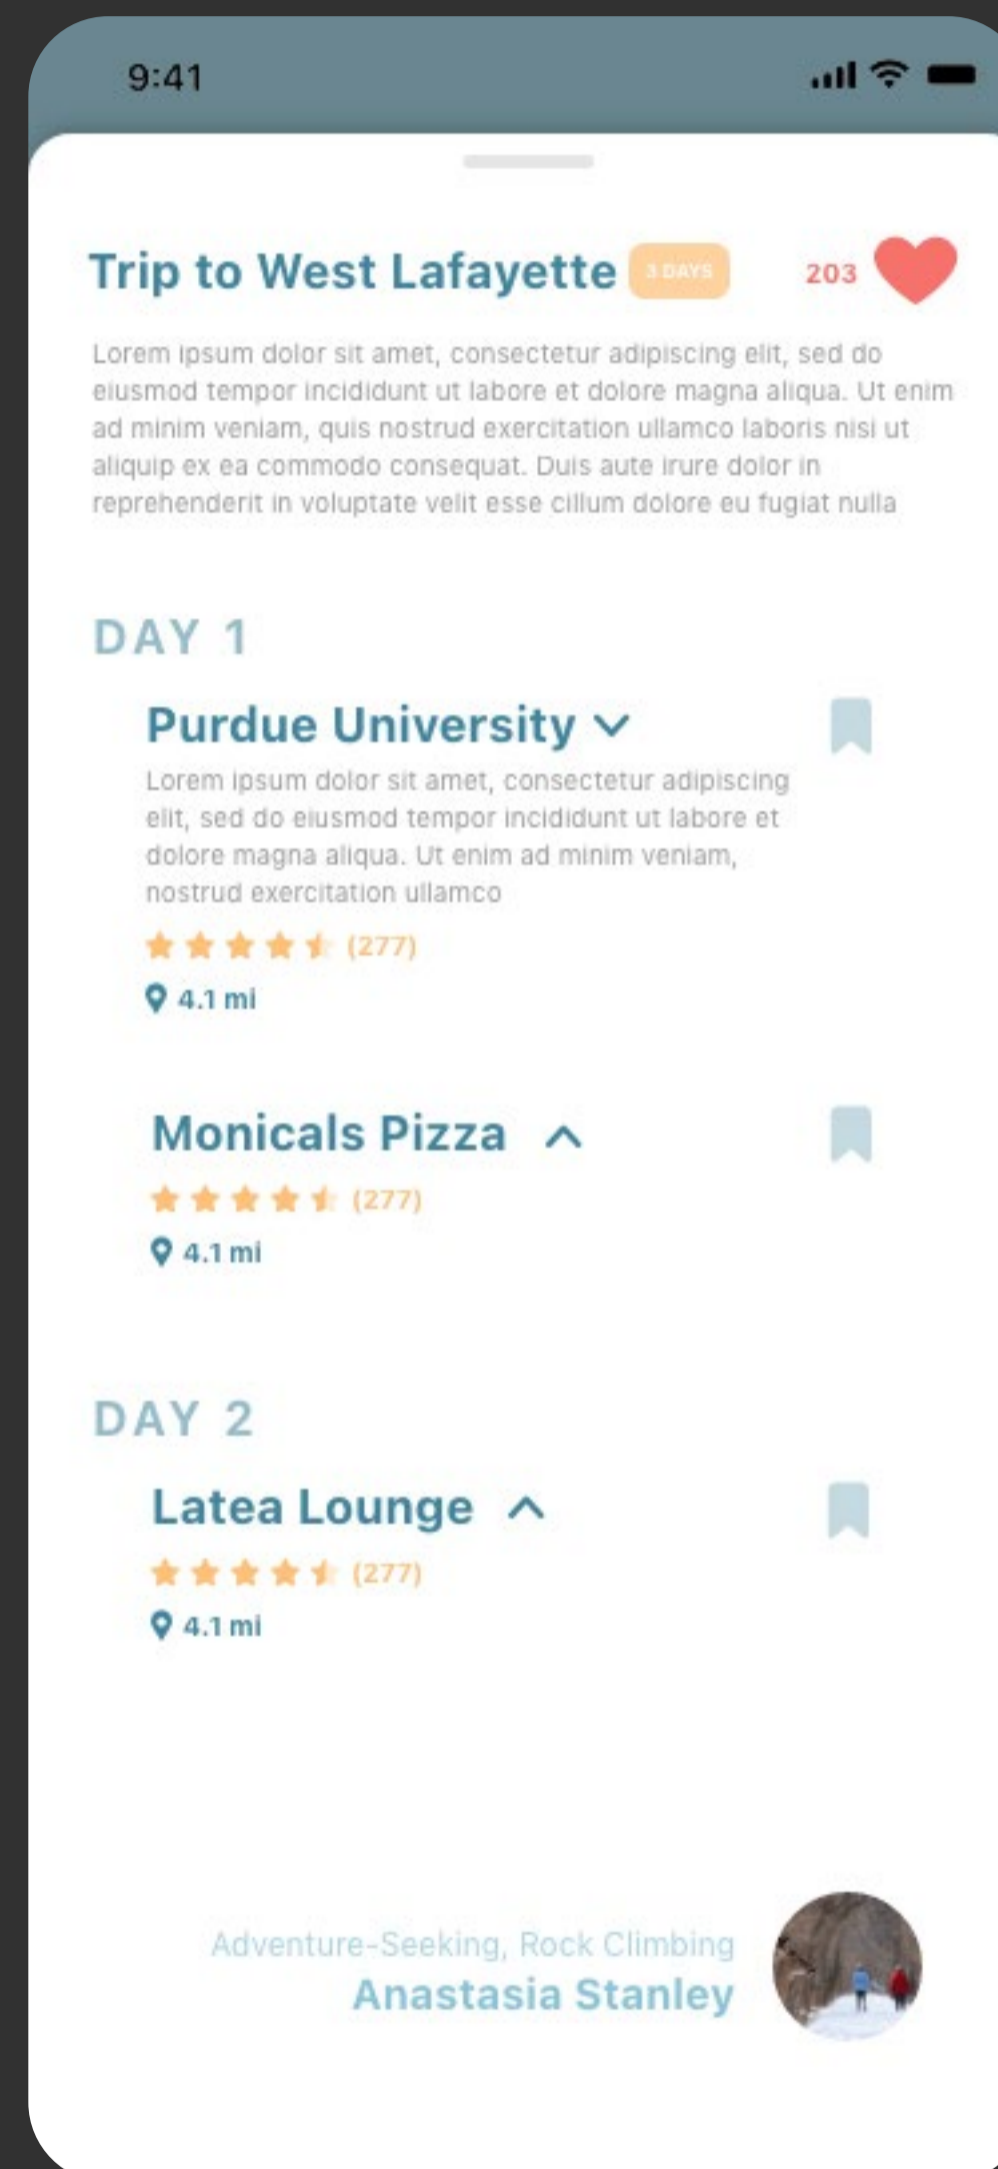

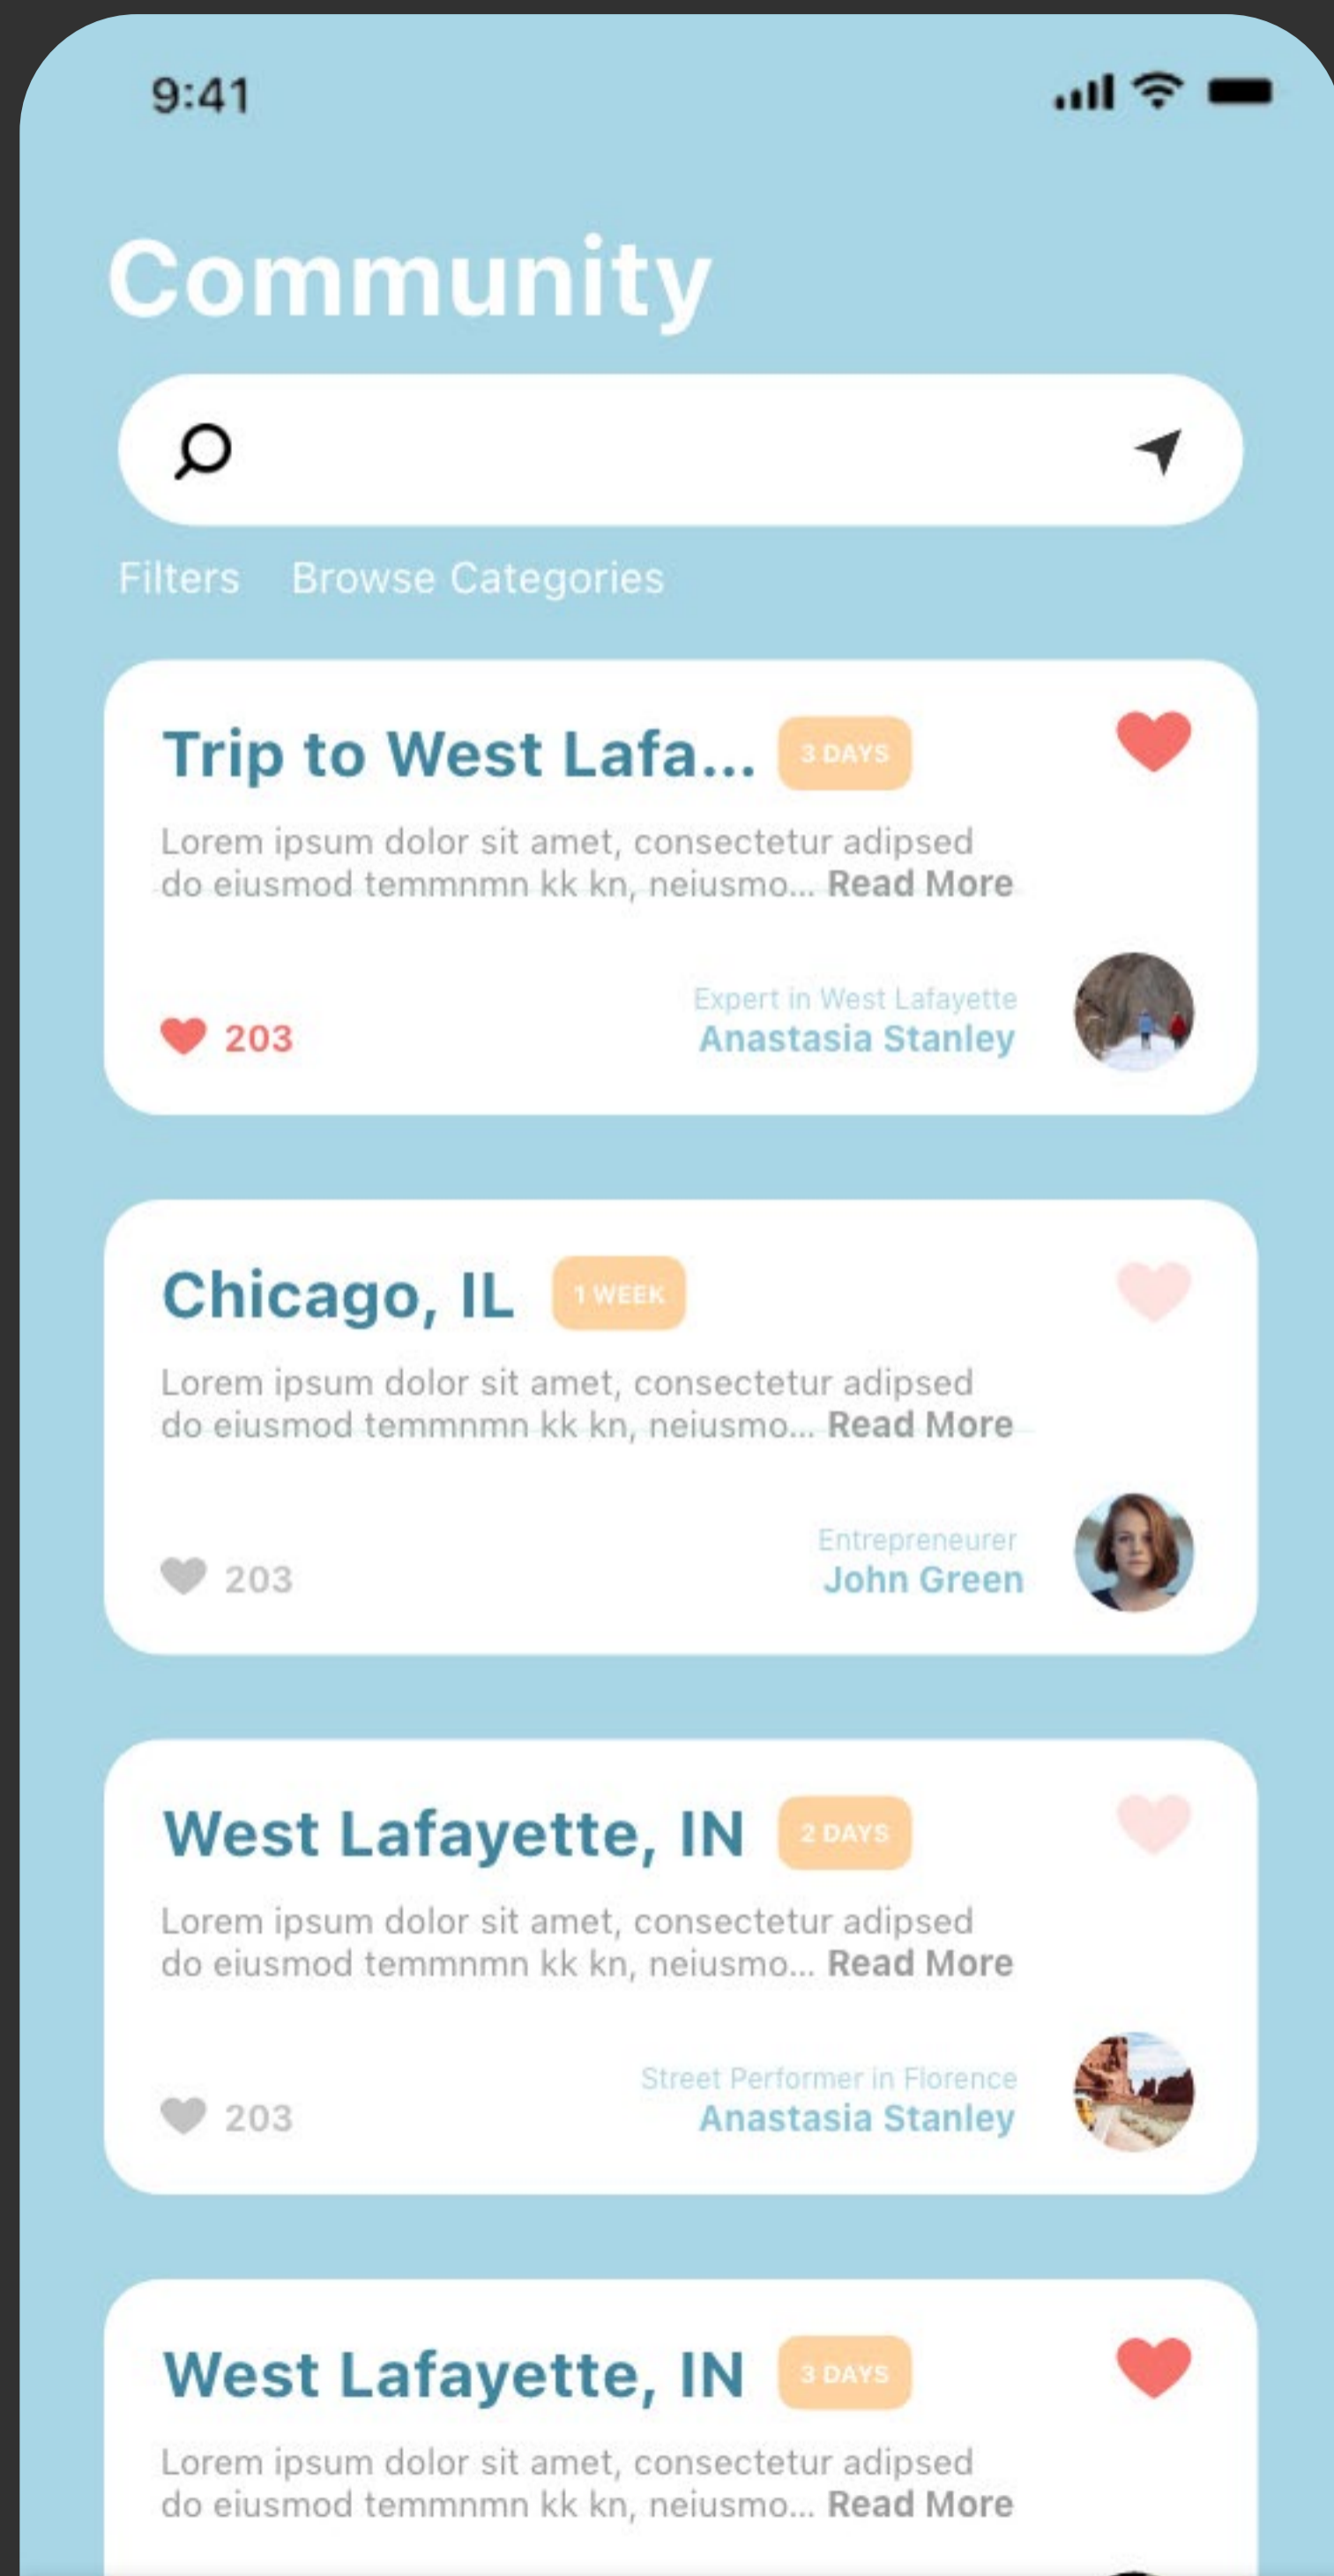

Efficiently add destinations to your upcoming trip by dragging and dropping the destination card.

Explore

Easy explore around your dream destination by looking at reviews and photos.

Community

All users on the platform will be given a badge according to their identity. This would increase their credibilities when giving off reviews, and would help travelers connect with each other as well.
